The User shall hold the District harmless from any and all claims or demands for damage to real or personal property occurring upstream from the point the User ties on to the sewer line and downstream from the water meter. The District will cooperate with the User's Insurance agency or company regarding such claims. Such assistance shall, in no manner, imply that the District has any liability or responsibility for damage to the Customer's property. **The User agrees to grant** to the District an easement of right-of way for the purpose of installing, maintaining and operating such pipe lines, meters, valves, and any other equipment which may be deemed necessary by the District, and to not construct within said easement any structures, buildings or other facilities that would interfere with the operation, repair, replacement, or removal of said pipe lines, meters, valves and other equipment. The User shall be responsible for protection from damage of all lines and equipment owned by the District and installed on the property of the User. This will include, but is not limited to, meters, valves, water lines, grinder pumps and sewer lines. **Damage will include stoppage caused by User flushing items into the sewer that cannot be conveyed by the system. Examples of these items are plastic bags, wash rags, towels, cat litter, saw dust, excess grease and any other type of solid waste that normally would be disposed of through garbage collection. Should User damage District equipment or fail to provide adequate protection all cost of repair will be at the expense of the User.**

If there is not a cut-off valve at the residence, you will need to have one installed before East Cedar Creek Fresh Water Supply District will turn water service on. If there are no vacuum breakers on the outside faucets, you will need to have them installed before East Cedar Creek Fresh Water Supply District will turn water service on.
